

ABOUT US

COLIN LAWSON Transport

- Formed in 1997 to meet the needs of the UKCS oil and gas industry, based in Aberdeen, the energy capital of Europe
- One of Aberdeen's largest and most experienced haulage companies. We specialise in the energy sector, utilising our extensive fleet of vehicles, which is the most modern in the region
- Our competent and long-serving team understand the importance of providing a quality service 24/7, 365 days a year
- We operate a fully-integrated transport and haulage service, with an emphasis on safety, reliability, efficiency and value to our clients

"We've used Colin Lawson Transport for many years for the transportation of our specialised equipment and they continue to deliver a safe, reliable and professional service that fully meets both our and our clients needs."
